

BAR CONNECT FOR VENUE STAFF

Bar Connect is a mobile optimized website that is used by venue staff to manage some of TouchTunes' newest interactive services. Specifically, Bar Connect can be used for:

REGISTERING FOR
BAR REWARDS

MANAGING YOUR BAR
REWARDS ACCOUNT

MOBILE CHECK-IN
MESSAGING

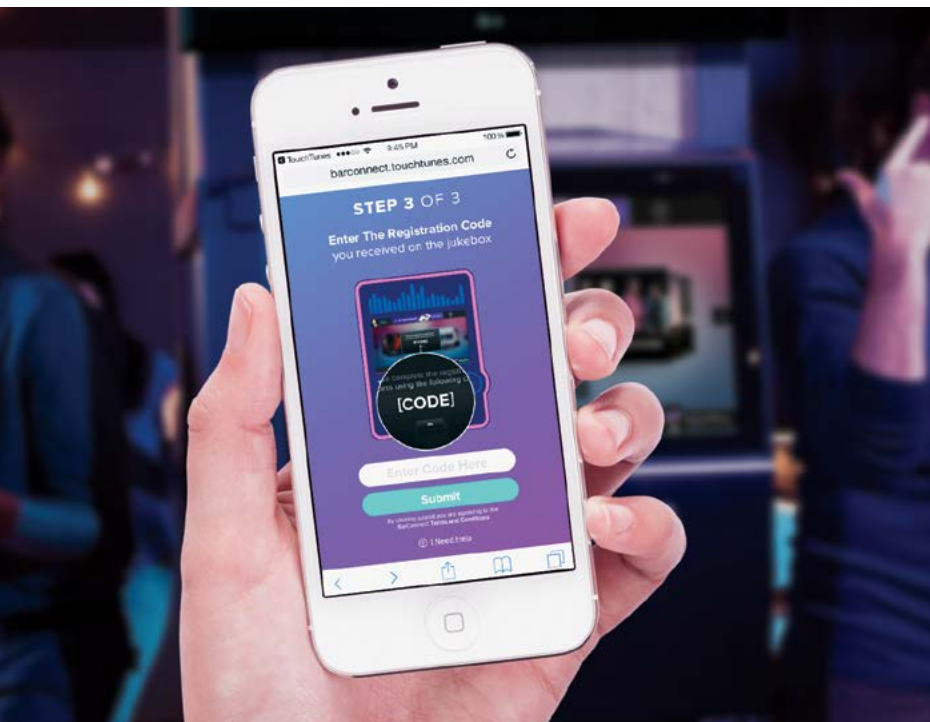

STAFF PICKS

Before using Bar Connect, you must verify that you work at a TouchTunes location and link your TouchTunes mobile user ID to the location's jukebox. This is easily accomplished by following the registration process below:

1. Sign into Bar Connect at **barconnect.touchtunes.com** using your TouchTunes Mobile app username and password. (If you log in to the TouchTunes app using Facebook, use your Facebook username and password.)
2. Press the P2 button on the jukebox remote.
 - A dialog box will appear on the jukebox screen.
3. On the jukebox screen, press "Get Registration Code".
4. Enter the code that appears on the jukebox into Bar Connect and hit Submit.

You are now registered with Bar Connect and linked to the location. Select the service you want to manage from the menu. Note that due to system compatibility, not all services are available at all locations.

* You must work at a TouchTunes venue to register for Bar Connect and Bar Rewards

BAR CONNECT AND BAR REWARDS

- **Bar Rewards** is the TouchTunes bar staff loyalty and engagement program
- **Bar Connect** is a tool for managing services that help bar staff connect with their patrons
- A staff member must register with Bar Connect at a location to have access to its services for that location
- When a staff member registers with Bar Connect, they will be automatically enrolled into the Bar Rewards program
