BAR CONNECT FOR OPERATORS

Operators can use Bar Connect to manage check in messages on behalf of their locations and also manage the users at their locations. Operators cannot manage Staff Picks as this is reserved for the bar staff themselves.

Operators are able to view all of their locations where at least one person has registered with Bar Connect. To do so, your mobile app credentials must be linked with your dashboard account.

YOU CAN LINK TO YOUR MOBILE AND DASHBOARD ACCOUNTS AS FOLLOWS:

- Login to your dashboard account
- Go to the Edit My Account page
- Fill in your mobile app (myTouchTunes) user name and password

Edit Your Web Account

* fields are mandatory

Username *
The username used for login.

Password
The password used for login.

Password confirmation
Please confirm the password used for login.

Full Name *

Email address *

Phone number *

Mobile Phone number
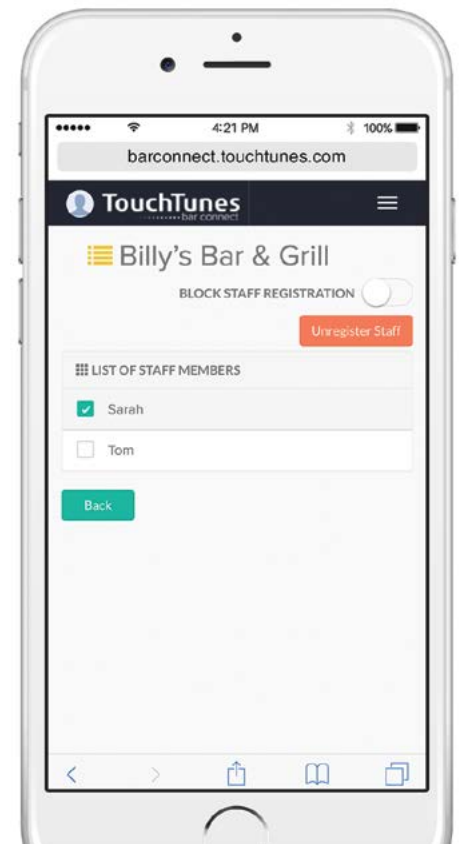

Preferred Language *   English

MYTT Username
The username of the MYTT user associated with this account

MYTT password
the MYTT account's password

Save User Info

WITH BAR CONNECT OPERATORS CAN:

- Manage mobile check-in messages
- Delete bar staff users

Once you have linked your mobile and dashboard accounts, you can login to Bar Connect as follows:

1. Login to **barconnect.touchtunes.com** with your TouchTunes Mobile App username and password.
2. You will see a list of your Bar Connect locations. These are locations where at least one person has already registered with Bar Connect using the jukebox remote control.
3. Choose the location you wish to manage.
4. Select a service to manage from the menu. Note that due to system compatibility, not all services are available at all locations.
